XM35 Merchandising Unit

Graphics Areas

Door panels (if used):	1350 x 1520mm
Headboard:	3150 x 340mm

Over-counter Display Cabinet

The front display cabinet / counter has 2 shelves inside at the following fixed heights:

Floor to Shelf 1 -	220mm (not visible from outside)
Shelf 1 to Shelf 2 -	270mm
Shelf 2 to Top -	350mm

The Shelves are 600mm deep and 2950mm wide
The Top is 520mm deep and 2950mm wide

The cabinet top and front are toughened clear plastic. The framework is aluminium.

Towing and Loading

Max Gross Weight	1300kg
------------------	--------

Overall Footprint

From drawbar to rear / back of body	5.2 metres
Width	2.2 metres
<i>Width with canopy open</i>	<i>4.5 metres minimum</i>

In practice a greater length should be allowed for to enable access to the rear Personnel door, and a greater width to allow for the deployment of the awning and to permit visitors to reach the counter.

The unit specified above is one of the Marco Hire fleet, with typical fitting out to suit most customers needing a dry-goods, over-counter merchandising trailer.
